

# F5000™ Inversion Table

*\*Denotes features unique or patented for Teeter Hang Ups equipment.*

## UL Classified 2601-1, medical equipment in a clinical setting\*

The inversion table meets a 400% safety factor for a 300 lbs. weight capacity. We are the only company that offers this level of structural integrity for inversion equipment.

### Self-locking hinges\*

Secure the table bed to the A-frame for improved security and portability

### Specialized pivot bearings\*

Guarantee smooth rotation with no squeaks for the life of the table; patented cam locks ensure proper assembly

### Heat treated high quality carbon steel\*

Used in key structural components for increased strength and durability

### De-rattler knob\*

Reduces shaft movement to allow for quiet, shift-free rotation - the only design on the market to structurally engage the main shaft

### Triple-plated chrome main shaft\*

Steel wall thickness at least 20% greater than any main shaft on the market. Features embossed height markers in both inches and centimeters for easy adjustment

|                      |                                       |

| Warranty             | 5-Year*                               |
| Value-added          | Instructional DVD,<br>Owner's Manual  |

U.S. and foreign patents apply. Other foreign patents pending.

### Removable nylon mat

Washable mat with triple-stitched seams removes easily for cleaning

### Durable, injection-coated rubber hand grips\*

Feature an embossed guide to the angles of inversion

### Adjustable tether strap

Allows you to preset the tether strap for worry-free inversion to any angle

### Curved foam ankle clamps

The unique design allows for greater comfort and security while inverted

### Gravity Boots option\*

Can be converted for use with Gravity Boots

### Easily folds for storage

Can easily be stored in a corner or closet.  
Folds to 66" x 28" x 14"

Quality Inversion Products Since 1981
