immersion blender

Blend a variety of foods, beverages and soups with the KitchenAid Immersion Blender (\$69.99). The blender has a stainless steel blade and splashguard that reaches an 8-inch immersion depth. It includes a 3-cup capacity blending beaker and lid. All attachments are dishwasher-safe.

"Even with arthritis in my hands, the blender was easy to use. It also does not take up much space on the counter, which is a plus." **Linda Rutherford, Seminole, Florida**

"It blends food very quickly, and the style is compact for easy cleanup." **MaryLou Brodeu, Terryville, Connecticut**

KitchenAid, (800) 422-1230,

BOTTOM LINE: Simple yet powerful, this blender delivers professional results from any kitchen.

flexible massage pillow

The Contour® Twist Massage Pillow (\$29.99) works where you need it. The soft, polyfoam pillow has a bendable plastic spine that allows it to hold any shape and includes an integrated massage feature. It is ideal for use as a travel pillow.

"This is relaxing for stress or for long auto trips and is very comforting for neck muscles."

Earl Roe, Tyler, Texas

"I liked the ease of use and being able to twist it to fit the need I had at the time."

Barbara Ayres, Canonsburg, Pennsylvania

BOTTOM LINE: Bendable pillow offers a soothing massage and custom support anywhere.

mosquito-repellent patio lantern

Protect outdoor areas from mosquitoes, black flies and other flying insects while providing soft ambient light with the ThermaCELL Mosquito-Repellent Patio Lantern (\$29.99). The lantern uses allethrin to repel insects without an open flame or wax; provides a 15x15 foot area free from insects.

"The design is contemporary and fits well in anyone's outdoor style."

Gina Jonson, Hamilton, Ohio

"After so much rain this summer, we had a lot of mosquitoes. We used the lantern out on the patio and were not bothered by a single mosquito."

Janice Strickland, Killeen, Texas

The Schawbel Corporation, (866) 753-3837, thermacell.com

BOTTOM LINE: Protects outdoor areas from mosquitoes and black flies while providing bright light.
